# MOHAIR AUSTRALIA

## **RESULTS FOR THE NATIONAL BOARD NOMINATIONS**

The new national Mohair Australia Ltd board will be:

Vicki Winley - Tasmania

Lynne Carter - South Australia

Sue Jordan - Western Australia

Grant Forsdick - New South Wales

Nick Gorrie - New South Wales

They will officially start their national board duties from the Mohair Australia AGM on Thursday the 25th of November 2021.

**Congratulations to all!**

## **THROUGH THE DOOR PAYMENTS – ARE STILL AVAILABLE**

To help producers who have small numbers of goats AMMO has a “through the door” purchase arrangement. This is a huge investment in the industry going forward and it may also help smaller producers who do not wish to wait up to six months for payment.

## **ADVANCE PAYMENTS**

Producers can choose to take advantage of our Advance payment option at any time, on pooled or weaving type fibre, by requesting direct to the office or via consignment note, for an advance to be paid. Advance payments of \$4.00 per kilo can be made and will be deducted from sale proceeds prior to payment after the auction.

## **CONSIGNMENT NOTES AND LABELLING OF YOUR MOHAIR IS IMPORTANT!**

It is important to clearly label your consignments prior to delivery to receival centres. Bales/butts must be addressed to AMMO, 68 River St. Narrandera NSW with your name and address as the consignee.

Producers must also ask for some form of receival documentation when the mohair is left and a call or email to the AMMO office to let us know that mohair has been consigned would be appreciated.

## WEAVING TYPE CLASSING MAY/JUNE 2021

*The weaving type classing was carried out in late May early June by GT. We had 8,944 kgs consigned to AMMO.*

### PROCESS GUIDE FOR PRODUCERS OF WEAVING TYPE MOHAIR

**Step 1: At Tagging:** Identify and record pink ear tag number on your check sheet, Mohair sample bag and plastic fleece bag- Take Mohair samples pre shearing or at classing time.

**Step 2: Shearing:** Remove belly and stains from main fleece when safe from shearer and after the animal is shorn place fleece on classing table. Skirt fleece removing shorts of lower legs, crutchings, Stains, cots soft or hard, veg matter (I.e., Fibre with greater than 1% veg fault). Remove stronger necks, and backline if different from main fleece, remove any further stain, and eliminate short pieces and second cuts by shaking the fleece over the table.

**TIP: If any staple or handful looks different from that of the main fleece it is so remove it!**

**Step: 3 Sorting:** Once you have classed your fleece you should have mohair piles e.g., Belly, Neck, upper leg, and main fleece.

**Step 4: Testing:** Test staples for tensile strength by stretching, then measure length un-stretched

**Step 5: Packing:** Bag Individual fleece with correct identification number - place fibre in plastic bag! Tie bag with a single knot only. Pack into a larger bag or wool pack and address to "AMMO NARRANDERA". Write your name on the outside of the bags or bales. Deliver to a receival or transport depot and advise AMMO of the consignment.

**Step 6: Weigh fleece** -Record if required (these records will help you assess an individual animals' viability)

**Step 7: Consign to AMMO** for further intense classing.
